Right now, she is only looking at a draft. We put "draft" on it. I assume they just want to change references to "Wehrum Reclassification Memorandum" to the "MM2A Memorandum"?

See below. I'm not sure if this means changing the language in the signature document, which could be problematic since it's supposedly already gone to Susan? Thanks.

Sara,

We will be changing how we refer to the Memorandum before signature. See below.

Debra, The OAR wants to make a minor change to the Wehrum memo. Can you reach out to OECA and let them know about the change?

Harlow understands the reasoning but wants reference to the OIAI withdrawal memo changed to "the MM2A Memorandum".

Thanks!
